

## Items We Accept

These are our general guidelines for accepting furniture and decor on consignment. If the items you wish to consign are not covered by these guidelines, please call us to discuss the acceptability of your specific items.

Resale Living accepts furnishings that are in "like new" condition and typically **less than 10 years of age**. The items must be of a good quality construction, have minimal wear and tear, and is of a style that would be of interest to a large number of customers.
